I. INTRODUCTORY MATERIAL

Preface

The ***NCDA Policy and Procedures Guidelines*** is designed to direct and assist board members and chairpersons of committees to plan, implement, and evaluate the roles and functions of their respective assignments. Due to the continuous changes that affect this document, a revised copy will be posted to the NCDA website.

The content is drawn from three sources: (1) bylaws provisions; (2) Association policy adopted by the board of directors; and (3) operating procedures. These guidelines are not intended to discourage people from using their individual prerogatives and operating styles in their service to NCDA and its members, but only to clarify the policy and procedures by which to deal with the sequence of events requiring their attention throughout the year. The calendar notations provided in each instance are intended to alert the person to the lead-time required for successful accomplishment of various tasks.

Mission and Purpose

The National Career Development Association (NCDA) provides professional development, publications, standards, and advocacy to practitioners and educators who inspire and empower individuals to achieve their career and life goals. (Updated 2014)

Historically, the purpose of NCDA has always been to promote career development of all people over the life span. NCDA is a founding division of the American Counseling Association.

Nondiscrimination Policy

NCDA opposes discrimination against any individual based on age, culture, disability, ethnicity, race, religion/spirituality, creed, gender, gender identity and expression, sexual orientation, marital/partnership status, language preference, socioeconomic status, or any other personal characteristic not specifically relevant to job performance.

Diversity Statement

NCDA acknowledges the worth, dignity, potential, and uniqueness of everyone by honoring diversity and promoting social justice. NCDA views diversity from an intersectional perspective, acknowledging the ways in which identities operate within systems of power, privilege, and oppression. NCDA strives to be a diverse organization in its membership and leadership.

NCDA Training Programs

NCDA supports career development training programs, managed by NCDA's Training and Education Council (TEC) to professionalize the career development field. NCDA's TEC supports: 1) the delivery of Instructor and Master Trainer Training; 2) the updates and distribution of training Curriculum and other related materials; and 3) maintenance of a registry of qualified Instructors and Master Trainers for each training program. The training programs include Facilitating Career Development curriculum, first copyrighted by NCDA in 2000 and was most recently revised in 2023. This is the major curriculum used to train career services providers. Completers are eligible for the Certified Career Services Provider (CCSP) upon successful completion.

In addition, NCDA also promotes efforts to support the School Career Development Advisor (SCDA) and associated NCDA trademarked Certified School Career Development Advisor (CSCDA) credential, as well as the Career Practitioner Supervision (CPS) and associated NCDA trademarked Certified Clinical Supervisor for Career Counseling (CCSCC) credential. The Offender Workforce Development Specialist (OWDS) Training Program is a corrections "adaptation" of the FCD Training Program, provided to those in the corrections system responsible for offender reentry in the workforce. Those completers are eligible for the CCSP.

NCDCA Policy Statements

NCDCA has long been active in developing policy statements to guide consumers of career services, career providers, publishers and developers, policy makers, and others. These policy statements may be reproduced and used without prior approval from NCDCA if the user includes the following statement: "This statement was developed by the National Career Development Association, 305 N. Beech Circle, Broken Arrow, OK 74012." They may be accessed on our website at <http://www.ncda.org>.

- **Career Counselor Assessment and Evaluation Competencies (NCDCA-ACES)** - The purpose of these competencies is to provide a description of the knowledge and skills that career counselors must demonstrate in the areas of assessment and evaluation. Because effectiveness in assessment and evaluation is critical to effective career counseling, these competencies are critical for career counselor practice and service to students, clients, and other customers.
- **Career Development Policy Statement** – Includes definition of career development with basic considerations for grades K-6, grades 7-9, grades 10-12, and adults.
- **Consumer Guidelines for Selecting a Career Counselor** – Help consumers of career counseling understand and select career services.
- **Diversity and Non-Discrimination Clauses** – Includes NCDCA's position to encourage worth and potential of all people.
- **Ethical Standards "Code of Ethics"** – Standards of professional practice including general, counseling relationship, measurement and evaluation, research and publication, consulting, private practices, and procedures for processing ethical complaints.
- **Ethical Use of Social Networking Technologies in Career Services** - This paper shares the results of the NCDCA Ethics Committee's comprehensive review of literature about the use of social networking technologies in practice by career professionals and those in related helping professions.
- **Multicultural Career Counseling Competencies** – Minimum competencies for those professional career counselors at or above the master's degree level of education.
- **National Career Development Guidelines (NCDG)** - developed by the America's Career Resource Network, through funding from the US Department of Education, Office of Vocational and Adult Education. The US DOE granted NCDCA the rights to the NCDG in 2012.

Process of Career Development

Career development is a continuous life process through which individuals explore activities, make decisions, and assume a variety of roles. Careers are formulated by the continuous evaluation of personal goals and the perception, assessment, and decisions regarding opportunities to achieve those goals. Career development occurs as educational and vocational pursuits interact with personal goals. It continues over the life span.

Career Development as a Part of Human Development

As with other normal aspects of human development, career development is not totally dependent upon external forces or programs. Rather, it reflects a personal growth pattern that, in some respects, differs for each individual. However, there are certain common development patterns of growth and career sequence.

Certain basic principles regarding human development apply whether one speaks about physical, emotional, intellectual, social, spiritual or career development. At least seven development dimensions are important in the design and implementation of programs for career development:

1. Development occurs during the lifetime of an individual. It can be described in maturational forms denoting progression through life stages and the mastery of developmental tasks at each stage.
2. Individual development is influenced by both heredity and environment. Psychological, sociological, educational political, economic, spiritual and physical factors affect development. Appropriate intervention strategies that focus upon these factors can influence the quality of individual development.
3. Development is a continuous process. Individual development can be best facilitated by intervention strategies that begin in the early years and are available throughout life. Programs designed to impact only at certain points or on certain aspects of the individual's life have limited effectiveness.

4. Although development is continuous, certain aspects are dominant at various periods in the life span. Programs designed to facilitate career development should account for the dominant aspects at given stages.
5. Individual development involves a progressive differentiation and integration of the person's self and his/her perceived world. Intervention strategies need to be designed to assist individuals during normal maturational stages of career development in addition to providing remedial assistance to individuals whose development has been damaged.
6. While common developmental stages can be observed and described during childhood and adult life, individual differences in progressing through these stages can be expected. Intervention programs should provide for these differences, making no assumption that something is "wrong" with those who progress at atypical rates.
7. Excessive deprivation with respect to any single aspect of human development can delay optimal development in other areas. Optimal human development programs are comprehensive in nature, not limited to any single objective. It is recognized that those who suffer from deprivation may require special and intensive assistance. Where deprivation is long term, short-term intervention is not likely to be sufficient.

These principles provide the foundation for building a career guidance program that will have constructive, educational, and beneficial influence in increasing human potential and providing the means for its development and expression.

The Nature of Career Development

(Adapted from joint position paper of NCDA and the Association for Career and Technical Education)

The nature of guidance for career development cannot be viewed as a static, tradition-based set of related services that assist individuals in making single occupational choices. The content of any career guidance program must be developed from an initial assessment of the present and future career development needs of the individual; it must also account for impinging environmental factors that could affect the development and fulfillment of career expectations. Career guidance content can be organized in many ways to facilitate individual development. Whatever its form, the program should encourage individuals to assume responsibility for their own career development.

A career guidance program assists the individual to assimilate and integrate knowledge, experience and appreciations related to:

1. Self-understanding, which includes a person's relationship to his or her own characteristics and perceptions, and to others and the environment.
2. Understanding of the work society and technological, social, political, and economic factors that affect its constant change, including workers attitudes and discipline.
3. Awareness of the part leisure time may play in a person's life.
4. Understanding of the information and skills necessary to achieve self-fulfillment in work and leisure.
5. Understanding of the necessity for and the multitude of factors to be considered in career planning.

An illumination of these content areas may include career guidance experiences to ensure that individuals:

- Gather the kinds of data necessary to make rational career decisions.
- Understand the necessary considerations for making choices and accept responsibility for the decisions that are made.
- Explore the possible rewards and satisfactions associated with each career choice considered.
- Develop through work the attitudes that they are contributors to life and community.
- Determine success and failure probabilities in any occupational options.
- Show an understanding of the varied attitudes toward work and workers held by themselves and by others.
- Recognize how workers can bring dignity to their work.
- Consider the possible and even predictable value changes in society, which could affect a person's life.
- Understand the important role of interpersonal and basic employment skills in occupational success.
- Clarify the different values and attitudes individuals may hold and the possible effects these may have on decisions and choices.

- Understand that career development is lifelong, based on a sequential series of educational and occupational choices.
- Determine the possible personal risk, cost, and other related consequences of each career decision and be willing to assume responsibility for each consequence.
- Systematically analyze school and non-school experiences as they plan and make career-related decisions.
- Explore the worker characteristics and work skills necessary to achieve success in occupational areas under consideration.
- Identify and use a wide variety of resources in the school and community to maximize career development potential.
- Know and understand the entrance, transition, and decision points in education and the problems of adjustment that might occur in relation to these points.
- Obtain necessary employability skills and use available placement services to gain satisfactory entry into employment in line with occupational aspiration and competencies.

Research

Identifying and Support Career Research

Career counseling, guidance, education, and development advocates, including NCDA, need to build adequate empirical research evidence to support career development and intervention program efforts. The following list is suggestive of the types of research needs that currently exist:

1. Longitudinal studies examine the effects of particular career development and intervention activities on career development of all populations including the career and academic development of K-12 students.
2. Research concerning the influence of work and educational environments on the career development of students.
3. Studies on the effects of environmental change on the coping and adjustment of workers.
4. Research to validate career development theories and interventions.

NCDA should attempt to accomplish the following research objectives:

1. Identify the scope of research—long-term and short-term—that needs to be conducted in the area of career counseling, development, guidance, education, and intervention.
2. Determine appropriate studies that will meet policy decision needs while building on previous work and providing quality research as a basis for relevant subsequent studies.
3. Conduct and support research on both national priorities and problems recognized as gaps in the existing research literature.
4. Review current research and communicate research needs to the research community.
5. Consult and participate in research activities conducted by others.

Policies Concerning the Use of the NCDA Membership Database

NCDA occasionally receives requests to contact its membership for research purposes. In order to protect our members' privacy, and ensure that surveys are conducted ethically, pragmatically, and meet necessary standards of quality, the board has accepted the following policies and procedures.

The NCDA Research Committee will accept requests from individuals seeking access to the membership for the purposes of conducting research surveys. The following policy statement summarizes the required procedures for requesting access to the NCDA membership for research purposes.

1. All requests must be submitted to the NCDA Research Committee Chair at least four weeks prior to the proposed date for contacting members.
2. The Research Committee Chair and at least one other committee member will review all requests to determine if proposals meet NCDA standards and recommend appropriate procedures for accessing members.
3. Requests must include the following information:
 - a. Research proposal including any potential contributions to the field of career development.
 - b. Brief synopsis of the research study.

- c. Copies of recruitment e-mail announcements to be distributed to the NCDA membership (one page or less).
 - d. A copy of the local Institutional Review Board (IRB) documentation and, once approved by NCDA, a copy of the approval.
 - e. Plans for disseminating the findings through writing, presentations, and other methods.
 - f. Researchers agree to use the information for specified purpose only
4. A copy of the final research report (prepared based on the data collected in conjunction with the research investigation) must be submitted to the Chair of the NCDA Research Committee within six months upon completion of the study.

The NCDA Research Committee Chair will inform the researcher of the committee's decision within three weeks. If the request is approved, the NCDA Research Committee Chair will forward the research recruitment email to NCDA Headquarters for electronic distribution.

II. GOVERNANCE ORGANIZATION

Board of Directors

Responsibilities

The Board of Directors shall constitute the administrative body of NCDA and its principal duties shall be to set policy and to give direction to the Association. The Board of Directors shall carry out the policies of the Association and speak on its behalf.

The professional responsibility of the NCDA Board of Directors extends beyond that of the normal NCDA membership and, thus, the officer shall assume the responsibilities of attendance at meetings as well as other tasks of the office. It is an honor and a recognition of professional integrity to be elected to the Board of Directors, and Board Membership carries with it significant responsibility. Engagement and timely attention to responsibilities, including thoughtful review of written material or media prior to engagement and decision-making is expected. Likewise comprehension of the current Policy & Procedures Manual is expected.”

Structure

The Board of Directors shall consist of the president, the president-elect, the president-elect-elect, the past president, secretary, treasurer, ACA Governing Council representative, and six trustees. The Executive Committee shall consist of president, president-elect, president-elect-elect, past-president, and the executive director.

Ex-officio Members

The *ex-officio* members of the board, who serve without vote, can include representatives of various groups and agencies such as guidance-related, non-ACA Associations, guidance representatives from federal agencies, other ACA divisions or affiliated Associations, or NCDA staff members.

The NCDA Board as a whole must make appointments for all *ex-officio* members. It is the responsibility of the president to remain sensitive to persons who should serve in this capacity and recommend them for board approval. No funds will be expended for the support of *ex-officio* members, but they will be encouraged to attend and participate in all board meetings and other Association affairs.

Organization and Function of the Board

The primary duties of the Board of Directors shall be to set policy and to give direction to the Association. The president shall appoint a board member to serve as a board liaison member to each standing committee, ad hoc committee, task force or commission. It is expected that board members will communicate with their board committees at least monthly to ensure proper communication and attention. At the request of the president, individual members of the board may be asked to represent both the board and the Association at meetings or activities to which NCDA has been invited to have representation. Travel for state division activities is supported by the state division except where otherwise indicated, for example, state/organizational leadership training provided by NCDA. Geographic location and travel funds are taken into consideration when selecting members for the purpose. Board policies may be amended by a majority vote at any regular or special meetings of the board. The Board of Directors shall also be responsible for nominating NCDA members for ACA president.

Meetings

The board shall meet in person three times per year and full attendance is expected (one meeting may be missed per fiscal year, but only in case of emergency). The first meeting will be held at the beginning of the fiscal year (October). A second meeting will be held mid-year. Locations of these first two meetings will be selected by the president, in consultation with the board. The final meeting shall be held at the time and place of the annual global conference (summer), herein called the Conference. Domestic travel expenses will be covered by the association. For international board members, NCDA will cover airfare to/from the city of US origin to the meeting site. International airfare is the board member(s)' responsibility from his/her home base to the nearest entry city into the US. If an international board member flies directly into the meeting city, airfare will be reimbursed at a rate equal to that of the most expensive domestic airline rate among the board members.

Other meetings of the board may be held at the call of the president or of a majority of the board. For teleconference calls, domestic phone charges will be supported by the association. International board members will be responsible for attending and any international charges that result. At least one-half of the members of the board shall constitute a quorum throughout any meeting of the board at which official business is transacted. All meetings of the Board of Directors, except executive sessions, shall be open to any member of NCDA. Copies of the minutes of all meetings of the Board of Directors shall be distributed to members of the board. In addition to attending the three meetings of the full board of directors, the Executive Committee may meet immediately prior to these three meetings and may meet on a fourth occasion at the ACA Convention. Repeated missed meetings and/or failure to perform as a board liaison may result in the removal from the NCDA Board.

Meeting agenda and other relevant documents (including travel logistics) will be posted on the secured Board-Only webpage in advance of the meeting.

Board Travel and Reimbursement

Members of the board shall be reimbursed according to the established NCDA board per diem and travel schedule when attending scheduled board meetings. All claims will be submitted on an approved travel template per the logistics that are sent before each meeting. The completed template shall be sent electronically to both the treasurer and to Headquarters. A signed copy with all necessary receipts and related documentation should be mailed, faxed, or e-mailed to Headquarters. The treasurer will then authorize such payments and Headquarters will issue the reimbursement check. The board will be reimbursed for travel to Board meetings as specified by the NCDA Treasurer. Expenses to be reimbursed must be submitted within 60 days of the time that the expenses were incurred. Failure to do so will result in non-payments. Appeals to this policy may be made to the Executive Committee. The following are guidelines pertinent to reimbursement of board members for travel and per diem to meetings or meetings of the board, excluding meetings at the national convention.

1. Room at meeting hotel will be covered in full. Travel will be reimbursed at the lowest available domestic, economy/coach airfare at least 45 days in advance unless approved in writing by the treasurer. For international board members, NCDA will cover airfare to/from the city of US origin to the meeting site. International airfare is the board member(s)' responsibility from his/her home base to the nearest entry city into the US. If an international board member flies directly into the meeting city, airfare will be reimbursed at a rate equal to that of the most expensive domestic airline rate among the board members.
2. Ground transportation cost will be honored upon presentation of receipt.
3. Meals will be reimbursed in accordance with the current NCDA per diem rate.
4. Miscellaneous expenses (e.g., copying, shipping, etc.) will be reimbursed upon presentation of receipts. These expenses need to be authorized in advance by the president if they exceed \$25.
5. Mileage will be reimbursed in accordance with the prevailing federal rate – annually reviewed on October 1 each year.
6. Board members may drive personal vehicles to board meetings. Reimbursement is based on the actual mileage rate OR the lowest available 30-day advance economy airfare rate, whichever is lower. The board member is responsible for researching advance airfare rates and submitting documentation of what the cost would have been.
7. NCDA authorized travel service, such as RouteSpring.com may be offered and utilized for NCDA travel arrangements.

Board members' travel plus hotel and per diem expenses will be paid for conference meetings, as outlined annually by the treasurer. An average of each trip's expenses will be projected and included in the budget each year.

Board Contingency Travel (Collaborations) and Reimbursement

Each year, NCDA will set aside a Board Contingency Travel Fund to support the travel for board members who represent the association at industry conferences, board meetings, government relations functions, state division events, and other such events that are crucial to NCDA collaborations. The president and president-elect have their own travel budgets and should be utilized first for their own needs. They will donate any remainder of these travel funds for the other board members to use. A contingency fund will also be established to support this travel.

A list of these organizations and government/legislative endeavors are established annually by the NCDA Board of Directors. Board members will be assigned a liaison role with the above-named group/organization aligning with their area of interest, through their role as Trustee or as a president. These roles will be determined at the October board meeting, and as new formalized collaborations arise during the year.

The presidents along with the executive director, will determine the appropriate use of the travel monies for these events. The board member that is serving as liaison will report out on their attendance and outcomes, at the next scheduled board meeting.

The Board has established a Travel Policy for State Division Events:

Summary:

The purpose of this document is to outline guidelines for board member travel to state CDA events. NCDA provides monetary support for board members travel to state CDA events to be speakers on topics selected by the state CDA. Note: When representing NCDA and/or travelling with support from NCDA, Board Members will not accept a stipend. Board members are not able to accept any form of payment or honorarium for their speaking engagements.

Guidelines:

Funds available for board member travel will vary by NCDA budget year. The number of states selected will be based on the budget available each year.

State CDA travel requests will be evaluated based on the following criteria:

- Economical use of NCDA funds and effective use of board member time at the event
- State CDA fund contributed to the overall event
- The concept of the event is detailed and shows alignment with board member expertise/speaking areas
- Timing of event – can't conflict with board member travel to NCDA board meetings

Deadlines:

- These will be announced each year and will generally be October 1st for spring and summer events and July 15th for fall events, but these dates can change.
- Be sure to read all e-mails received from the State Trustee for most accurate deadlines.
- Evaluation priority will be given to those state CDAs who submit by the deadlines. However, if travel funds remain and a state CDA submits after the deadlines, those will be considered.

Board E-Mail Vote Process

The NCDA Board of Directors may make official votes by e-mail in accord with the following process to be administered by the NCDA Secretary:

1. When it becomes clear that all of the agenda items will not be covered in a Board meeting, the president indicates what items will be handled in an e-mail vote format. The president then asks for a motion/second for each item (as appropriate). The item is tabled for discussion and vote via e-mail. The president sends out the call for the e-mail vote.
2. If NCDA business occurs between Board meetings that require action, the Board will be sent necessary background information. The president will secure a motion and second to begin the e-mail vote and discussion process.
3. A quorum of Board members must confirm receipt, by e-mail, of the information as stated in #2.
4. If there is more than one item to be discussed and/or voted on, the Secretary will send the general call for an e-mail vote and then send a separate e-mail for each item with the Subject line clearly stating the topic.
5. During the 5 business days following the establishment of a quorum, Board members will discuss the motion. At the end of the discussion period, the president calls for the vote and sets a date by which all votes must be cast. If necessary, the president may extend the discussion period.
6. Board members will cast their vote (yes, no abstain, recuse) on or before the set date. Votes will be broadcast to the entire board.
7. The president and/or executive director will tabulate the votes will broadcast the results to the Board within 24 hours of the vote deadline.
8. Board members will confirm receipt of the results by e-mail.
9. The Secretary will record the motion, discussion, and vote in written form and will transmit the information to the Board and to NCDA Headquarters for storage in the NCDA Archives.

Orientation of New Board Members

Without a planned orientation of new board members and the passing on of all archives associated with the responsibilities, the Association loses much time and progress. It is necessary for the following procedures to be followed on an annual basis. All retiring board members should establish a method of accomplishing the following prior to September 30th of any given year:

1. Instruct new member of past year's events and describe current major activities and issues facing the Association.
2. Transfer those materials that are deemed necessary for the new board member to prepare for his/her future role.
3. Suggest issues that should be considered by the board regarding specific roles and responsibilities of outgoing board members.
4. Instruct the new board member on how the NCDAs board/Association operates its meetings and special events.
5. Incoming board members are encouraged to attend the Board of Directors meeting during the election (held in conjunction with the annual conference) as a guest. Immediately following their election, board members are encouraged to attend the Board call (usually held in September; They will be considered an ex-officio board member participating in discussions but without vote
6. Incoming board members will be given an orientation to the Board of Directors, the Policies and Procedures of the organization, and the access code to the secure Board webpage. They are encouraged to be familiar with the NCDAs website including the review the video tour of the NCDAs Website provided by the website editor.
7. Outgoing board members are expected to attend all board functions until September 30th. After serving on the Board, they are considered as a member of the organization's Brain Trust.

Ideally, this orientation could be efficiently conducted prior to the first meeting in October. It would also be appropriate for the past president and the president-elect to conduct a group meeting of both outgoing and incoming board members.

Honoraria

Current NCDAs board members and Brain Trust members may not accept an honorarium when speaking as a representative of the organization and travel is being covered by the association.

Conflict of Interest

The NCDAs Leadership Team (LT), including Board Members, Committee Chairs, Credentialing Commissioners, members of the Training and Education Council and Headquarters Staff, must avoid a conflict of interest with respect to their fiduciary responsibility and their role as a leader of the association. Every effort should be made by LT members to avoid engaging in activities that may result in an appearance of unfair advantage or favoritism. Full transparency surrounding these issues is paramount. Examples of activities that may give the appearance of favoritism include, but are not limited to:

- Being offered an honorarium to speak to an organization as a representative of the NCDAs Board while serving on the NCDAs board.
- Contracting to write an NCDAs monograph and receiving royalties from that contract while on serving on the board.
- Using insider knowledge of conference and institute dates to schedule FCD trainings (and other trainings for credentialing) that bump against those conferences and institutes.
- Receiving an honorarium or expenses paid for offering a PDI that bumps against those conferences and institutes; or
- Applying to NCDAs Requests for Proposals while serving on the board.

The LT will be asked to sign the Conflict of Interest/Disclosure Statement Annually as shown on Appendix I. New Leadership Team (LT) members will be informed of their duty to disclose and will fill out a document outlining any standing issues as they move into a leadership position. This document will include a section wherein the LT member agrees to this policy. As other issues arise, immediate full disclosure to NCDA President and NCDA executive director is expected. Completed forms will be collected by the executive director annually and will be kept on file at the NCDA Headquarters Office.

If anyone has reasonable cause to believe that a member of the Leadership Team (LT) has failed to disclose actual or possible conflicts of interest, the member of interest should be approached directly and privately first and given the opportunity to address the concern. If, after hearing the response, the concern about a failure to report an actual or possible conflict of interest still exists, the concern should be shared with the president. The president shall bring the concern to the Board.

For full transparency, the minutes of the NCDA board must contain the names of the individuals who disclosed or were otherwise found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the board's decision as to whether a conflict of interest in fact existed. In addition, the names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection therewith will also be included in the minutes.

Individuals with potential conflicts of interest must recuse themselves from related discussions, including board discussions related to possible resolutions. The remaining board will decide if a conflict of interest exists and make recommendations. Possible resolutions may include, but are not limited to;

- A decision of no recommendation (i.e., the conflict of interest is deemed to have minimal potential impact or may have a positive impact on NCDA),
- Recusal from related discussion, debate or decision making,
- Cessation of the issue causing the conflict of interest of appearance thereof, or
- In rare cases, removal from the leadership position

NCDA Headquarters

NCDA Headquarters serves as the central office of the executive director and the management team. Its location, ownership, management and maintenance is determined by the management contract. Currently it is located at 305 N. Beech Circle, Broken Arrow, OK 74012. This is in the Central time zone, however for most reporting and scheduling purposes, the Eastern time zone will be followed.

The major functions of NCDA Headquarters include management services, member/leader services, publications/marketing support, accounting/database services, meeting/vendor services, and development services. Headquarters also oversees contracted services including accounting, audit, investments, ACA management services, legal services, database design, communications, and website development and maintenance.

In addition, the executive director, in consultation with the president, is responsible for updating the NCDA Policy and Procedures Manual and Annual Report annually. The Annual Report contains financial /audit reports, a membership report, and any other pertinent association information for the year. The reports from the standing and special committees, officer reports, minutes from the previous Annual Meeting and minutes from all board meetings shall be posted on the NCDA Website. A summary of the Annual Report should be sent to the Website editor.

The NCDA Board of Directors evaluates the performance of the executive director at the end of each fiscal year. Details are included in Appendix N. The president has the responsibility for this process. The president recommends, and the Board approves, management fee adjustments and/or contract extensions for the management contract.

Annual Meeting

The Association shall hold an Annual Meeting at a time and place of the Conference. The Board shall give written notice to the membership no less than six months in advance of the Annual Meeting. The Association may hold other meetings at a time and place fixed by the Board, which shall give reasonable notice to the membership.

All NCDA members in good standing are invited to attend and vote. The quorum at the Annual Meeting shall be the number of members in good standing in attendance. The members in attendance will be asked to act on recommendations of the Board, review policies established by the Board, act on reports of the Board, state divisions, standing committees, and such special and continuing committees. In addition, the members in attendance will be asked to approve an elections slate of nominees for various open board positions, and members to the NCDA Nominations and Elections Committee.

The members in attendance at the Annual Meeting will review and forward amendments to the Bylaws as presented by the Board to the total membership for approval in accordance with Article XII. NCDA recognizes the website www.ncda.org as the official communication center of the association. NCDA will use the website as an important delivery method of communication to the membership. Notification of amendments and voting will be communicated via *Career Developments* or *Career Convergence* in addition to website posting.

In an emergency and on the recommendation of two-thirds vote of the Board, business may be presented by mail or E-mail ballot to the membership. Such ballots should be taken by the Secretary of NCDA and shall have the same effect as if said action had taken place at the Annual Meeting.

Parliamentarian

A parliamentarian may be appointed by the president or executive director. The person must be a current member of the Association.

The duties of this position shall be to assist the president during the Annual Meeting and at any other meetings designated by the president to assure that Roberts' Rules of Order are applied. The official guide for all meetings shall be the revised Roberts' Rules of Order.

Standing and Special Committees

The Board may create and dissolve committees, councils, and other working groups as needed to address needs of the Association. Standing Committees are distinguished from other committees by their connection to the ongoing operations or core values of the Association.

The organizational structure of the groups is discussed in more detail in the operational sections of the manual. Each group will provide an annual written report of its activities and status to the board for inclusion in the website. Chairpersons shall designate their membership unless otherwise specified by the Board of Directors. Chairpersons and members shall serve for designated terms or until the appointment of their successors.

Resource Development

It is the position of NCDA that external and non-membership funds be promoted and secured only if:

1. The purpose of the grant/gift/contract is directly related to the mission and scheduled priorities of the Association.
2. The purpose of the grant/gift/contract allows the Association to conduct research and disseminate its results through publication or training events.

3. The purpose of the grant/gift/contract promotes working relationships with groups, organizations, or agencies that are in the best interest of the Association.

The executive director, in consultation with the president, can negotiate on behalf of the Association regarding the acceptance of external funds. When opportunities exist, the executive director or a member must inform the president of the source, purpose, and benefit of the external funds. The president will, in turn, decide if the opportunity is appropriate and communicate with the board regarding its disposition.

Once external funding is approved, the president and treasurer will apprise the NCDCA Headquarters of such action and establish a special budget account for the funds. Policies concerning such matters as staff hiring, equipment acquisition, and other arrangements will be established by the Board of Directors as specific needs arise.

NCDCA has established a partnership checklist to evaluate future collaborations. Appendix G outlines the criteria and process that should be followed.

III. GOVERNANCE OPERATION (JOB DESCRIPTIONS, PROCEDURES, AND TIMING)

President

The president is responsible for managing the governance of the Association. This responsibility begins in the president-elect year and continues throughout the presidential year. A presidential stipend will be paid annually. The amount of that stipend shall be decided annually by the board of directors. The president shall hold office for a one-year term and then succeed to past-president for a one-year term. The president shall be ineligible to serve again as president-elect or president for a period of five years following service as president.

The functions of the president shall be to: (a) exert leadership in the achievement of the purposes of NCDCA, (b) preside at Annual Membership Meeting, (c) preside over meetings of the Board of Directors, Executive Committee, and Annual Membership Meeting, (d) appoint chairpersons of all vacancies to NCDCA standing committees, and special interest groups, and other committees (subject to confirmation of the board), (e) serve ex-officio on all NCDCA committees, (f) serve as a member of the Nominations and Elections Committee, (g) be empowered to enter the Association into contracts, grants, and other binding agreements upon approval of the board, (h) prepare and distribute to each Board of Directors member prior to each Board meeting an agenda and supplemental reports and action items for Board consideration, and (i) initiate and conduct an annual performance evaluation of the executive director and, with the treasurer, make a recommendation for changes to the management services agreement based on the results of such an evaluation.

After committee appointments have been confirmed, the president should provide to the chairperson: (a) the committee's goals and objectives from the Annual Plan, (b) information regarding the budget for its operations and direct the chairperson's correspondence concerning vouchers and payments to the treasurer, (c) instructions to establish contact with the NCDCA board if a publication is planned, (d) the name and contact information for the liaison to whom the committee/commission will report, and (f) materials and timelines for developing a program of work.

Following the NCDCA election, NCDCA headquarters will notify the NCDCA president of the candidates for office who have been elected; the president will in turn notify all candidates of these results, inviting the successful individuals to attend and observe the Conference Board of Directors meetings. In addition, the president sends a copy of the previous minutes and the Policy and Procedures Manual to all newly elected Board members.

The president is responsible for the Annual Report. Usually, the president charges the secretary and headquarters staff with the task of compiling and disseminating the report. The trustees communicate with their committee chairpersons to have their reports completed and sent two months prior to the end of the fiscal year so that the report can be posted by October 30th.

The president is responsible for all of the NCDCA activities at the ACA Convention and the NCDCA Conference and, although the executive director and other conference planning staff coordinate many of these activities, the president has several distinct responsibilities at the Conference:

1. The president may present a "state of the Association" address during the Annual Membership Meeting at the Conference.

2. The president is responsible for instructing the staff on procedures for the invitation list (all conference attendees from outside of the USA, past NVGA/NCDA presidents, past Eminent Career Awardees, Board of Directors, Committee Chairs, State Division Presidents, etc.) for any special events hosted at the Conference.
3. The president is responsible for developing a program related to the conference. The Awards information should be included in the conference program, along with a list of past NVGA/NCDA presidents, past Eminent Career Awardees, , and current Board of Directors members.

In addition, depending upon monies available and the Conference activities, the president gives the executive director instructions regarding other social functions desired. Typical social events may include receptions in the president's suite and meals/beverages needed. The president schedules all NCDA ancillary programs at the annual ACA convention and the Conference.

The president should monitor the work of the NCDA Conference Program Committee and should be aware of committee membership and criteria used for selection of NCDA convention programs. Special attention should be given to the appropriate scheduling of ancillary program activities.

The president or designate should represent NCDA at state and regional meetings of NCDA groups and international meetings to the extent feasible. It is expected that state divisions or international entities will pay travel expenses, however, the president has discretion to use NCDA funds to travel to state division or international activities within the scope of the president's budget.

The president shall be responsible for casting votes at the IAEVG election. If the president is not able to attend the IAEVG meeting, he/she may recommend a designee to the board. The designee is subject to board approval prior to the vote at the IAEVG Conference. The president should consider a board member first before recommending another member. An individual running for IAEVG elections is not eligible to cast the NCDA votes.

Secretary

The office of secretary is a three-year term. The person may not serve more than two consecutive terms but becomes eligible to serve again after a lapse of one term. The secretary serves as a member of the Board of Directors and as an advisor and record keeper at the Annual Meeting.

The secretary sends a first draft of the minutes of Board of Directors' meetings to the executive director and president for their initial edits. Once that is complete, the minutes are sent out to all members of the Board for correction. The minutes are then corrected according to suggestions received and approved by the Board during its next meeting. Once approved, the minutes are then distributed to committee chairs, website editor for posting, and to the executive director for inclusion in the NCDA archives.

The minutes should include all action items, agenda and schedule (beginning and recess of meetings), directives and recommendations, resolutions, work group topics and reports, persons in attendance, issues accompanied by pros and cons, rationale and background information for motions which should be provided by the Board members making the

motion. In addition, for each motion, the minutes should show the number of votes in favor, against, abstentions, and recusals, if applicable. When such information is not provided, the secretary may use discretion in adding the information, which is encouraged but not mandated. The minutes should not include personal discussions, or informal discussions. A draft of the minutes should be sent to the Board of Directors for review within 14 days following a Board meeting.

The Secretary also takes minutes at the Annual Meeting and provides to the executive director for the Annual Report the following year.

Calendar

Throughout Year	Attend Board of Directors meeting, prepare minutes and send draft to board members. Upon the approval, submit the final version to Headquarters for archiving and to the editor of the Website for posting.

Treasurer

The treasurer is elected for a three-year term. The person may not serve more than two consecutive terms but becomes eligible to serve again after a lapse of one term. The treasurer serves as a member of the Board and is an advisor at the Annual Meeting. The treasurer also serves as the Chief Financial Officer of the Association. The treasurer follows accepted procedures for handling the funds of the Association; assists in the preparation of budgets for NCDA, its committees, and publications; and makes recommendations to the board for needed modifications in procedures for managing fiscal affairs. More specifically, the treasurer has the following responsibilities for budget preparation, management, and reporting.

Budget Management

Either separately or through the president's notifications of charges to committee chairpersons, the treasurer informs committees of the amounts budgeted by the board for their operations and informs them of the procedures for obtaining reimbursement and general guidelines for allowable expenses. Except with the specific approval of the president, no other expenditure shall be approved for which funds are not budgeted.

An individual may make necessary expenditures in excess of annual budget allotments to activity accounts only with written approval of the president. Expenditures in excess of annual budget allotments to the total of any major budget classification shall be made only with the approval of the Board of Directors.

Any purchase of supplies or equipment in excess of \$500 (five hundred dollars) shall be made on the basis of bids requested from two or more competent vendors. Bids on items that cost less than \$500 will be obtained when the nature of such items and good business practices so indicate.

All non-budgeted contracts for services and materials in excess of \$5,000 (five thousand dollars) shall require approval by the Board of Directors. Any expenditures from reserve funds shall require the approval of the Board of Directors. For any new project in excess of \$5000, a detailed RFP will be developed and persons interested in completing the work would be asked to submit their proposal bid by a designated date. A selection committee of two or more board members will be identified to review and recommend the best proposal.

All completed vouchers requesting payment or reimbursement are sent to the board liaison person who approves them and sends them to the treasurer for final approval. Check request forms are sent to Board members and committee chairs in the Fall of each year. A check is then sent directly to the payee indicated on the voucher. The NCDA management team produces a monthly financial statement.

A budget line item is established for sending donations/flowers, etc. to or for individuals who have been closely associated with and given significant services to NCDA. This would include memorial donations, flowers or other similar recognitions. These recognitions would be sent at the discretion of the current president up to \$100. Any recognition over \$100 would need approval of the executive committee.

The treasurer reviews the monthly and annual financial reports.

Fiscal Reporting

Fiscal reporting responsibilities of the treasurer include: routing NCDAs financial reports of income and expenses to appropriate officers and trustees, noting unusual conditions and any discrepancies with accounts; preparing (in conjunction with the executive director) financial reports for each board meeting and for the Annual Meeting; advising the Board of Directors regarding the financial condition of NCDAs and its potential for undertaking various projects; and making recommendations to the board regarding the investment of reserve funds.

Through a study of income trends and current situations, the treasurer, in consultation with the executive director, prepares an estimate of income and expenses for the next fiscal year for presentation at the October Board Meeting. During August/September the Board sets priorities and a tentative budget allocation for the following year. The treasurer works with the executive director and president to prepare a final budget based on actual requests. In the first board meeting of the new fiscal year, the board meets to approve the final budget.

In addition to maintaining a set of records for the current year, the treasurer in coordination with NCDAs Headquarters maintains historic records for use in analyzing income and expense trends. The historic records consist of the following: the pages which show revenue by source and expenses by cost center from the monthly "Summary of Income and Expenses" report provided monthly by the firm responsible for providing NCDAs accounting services, to be maintained for the immediately preceding four year period; the full "Summary of Income and Expenses" final report for the previous fiscal year; the audit report for the immediately preceding seven years; and any NCDAs memoranda regarding fiscal procedures which the treasurer deems important. The treasurer may add explanatory remarks to any of the documents. The historic records are passed from one treasurer to the next at the end of the fiscal year with the permanent archives housed at NCDAs headquarters.

Engagement and timely attention to responsibilities, including thoughtful review of written material or media prior to engagement and decision-making is expected. Likewise, comprehension of the current Policy & Procedures Manual is expected. The trustee should be in contact at least quarterly, preferably monthly, with state CDA leadership to communicate NCDAs board information, to learn of activities in those states, and to aid the state leaders if appropriate.

Trustees are assigned responsibilities, as liaisons, for various standing and special committees and task forces. It is each trustee's responsibility for maintaining contact with the group's leaders. The assigned trustee represents those committees to the Board of Directors. Trustees are responsible for attendance at all meetings of the Board of Directors. Trustees also serve as advisors during the Annual Meeting at the NCDCA Conference.

The constituency trustees are responsible for providing advocacy for their constituency to the NCDCA Board. Possible activities of the trustees include, but are not limited to:

ACA Governing Council Representative

NCDCA is a founding division of the American Counseling Association (ACA) and the ACA Governing Council Representative is NCDCA's representative to ACA. This representative participates in policy formulation and governance of ACA and they communicate the needs and positions of NCDCA to the ACA Governing Council. Their board tenure runs from July 1 – June 30 in accordance with ACA's fiscal year.

The ACA Governing Council Representative has a dual responsibility – to NCDCA and to ACA. All business of ACA that is of interest to NCDCA is to be reported to the president and the Board. This may include matters discussed in executive session of ACA if that matter has the possibility to be of present or future harm or benefit to NCDCA. Ideally, the ACA Governing Council Representative should be a past NCDCA president.

 - b) Failure or refusal to disclose necessary information related to the business of the Association;
 - c) Financial improprieties with respect to Association funds or obligations;
 - d) Conflicts of interest;
 - e) Misrepresentation of the Association and its officers to outside persons;
 - f) Conviction of a felony.
 - g) Any conduct, whether of commission or omission, tending to bring the Board of Directors or the Association into disrepute or to impair the proper and effective functioning of the Board in the conduct of its business.

The grounds for removal listed in paragraph A.2 may be based upon conduct occurring during the member's present or prior terms of office.

B. The Board, in its discretion, may, by resolution, sanction a member of the Board for any of the conduct described above which the Board deems not to be sufficiently serious to warrant removal from office.

Procedure for Sanction

- C. Any member of the Board who has reason to believe that grounds exist for sanctioning another member of the Board may submit to the Board at any regular or special meeting a proposed motion to sanction that member. The proposed motion shall state the grounds for sanction, specifying all conduct alleged to warrant sanction. Debate on the motion shall take place in an executive session. The presence of the person to whom the sanction motion is directed is not required. If the person to whom the motion is directed is present he/she shall be given an opportunity to speak in his/her defense. The motion to sanction shall require for its approval a simple majority of the Board present and voting, shall be taken by secret ballot, and, if approved, shall be reported in the regular minutes.

Procedure for Removal

- D. Any member of the Board who has reason to believe that grounds exist for the removal of another member of the Board may submit to the Executive Committee a proposed motion to remove that member and request that the motion be placed on the agenda for the next scheduled meeting of the Board. The proposed motion shall state the grounds for removal, specifying all conduct alleged to warrant removal or sanction. The Executive Committee shall determine by majority vote whether sufficient reason exists to place the proposed motion, or an amended or modified version of the motion, on the agenda for the next meeting of the Board. The Executive Committee may vote on the matter in person, by telephone, or electronically as it votes on other matters. If the Executive Committee decides to place the proposed motion on the agenda for a meeting of the Board, the Committee shall promptly take steps to provide written notice of the proposed motion by certified mail to the member being charged. The notice shall state the date, time, place and nature of the hearing to be held on the motion, shall include a copy of the motion, including all charges and specifications, and shall direct the member to appear in person at the hearing. Such notice shall be given in sufficient time to provide the member charged at least 30 calendar days prior to the meeting at which the motion is to be considered by the Board.
- E. The Executive Committee shall appoint a Case Manager to prepare and present the case for removal to the Board at the hearing.
- F. The hearing shall be conducted in accordance with the following procedures:

1. The president of the Association, or another member of the Board designated by the president shall be the Presiding Officer of the hearing. If the president is the person charged, the past-president or that person's designee shall serve as the Presiding Officer. The Presiding Officer shall have full authority and discretion to conduct the hearing in a fair and just manner and to rule on all matters of procedure arising at the hearing, subject, however, to being overruled by majority vote of the Board. The Presiding Officer, the Case Manager, and the accused member shall not be entitled to vote on such procedural questions.
2. The accused member shall have the right to appear at the hearing in person to address the Board and to present witnesses and other evidence in support of his/her case. If the accused member, without reasonable excuse, as determined by the Presiding Officer, fails to appear at the hearing, the hearing may go forward in his/her absence, and the Board may proceed to a decision based on the available evidence.
3. The Presiding Officer shall call the hearing to order, noting that the meeting is in executive session and that the Board is obligated to maintain the secrecy of the proceeding, and shall then read the proposed resolution, verify that the accused has been given notice of the hearing and the charges, announce the names of all Board members present, and inquire of the accused whether he/she is ready to proceed. If the response is negative, the Presiding Officer shall inquire as to the reason the member is not prepared to proceed and shall determine whether the hearing should proceed at that time or be continued to another time.
4. The Presiding Officer shall direct that each charge is read separately, and the accused shall be asked how he/she pleads to that charge, guilty or not guilty.
5. If the accused pleads guilty to all charges, the Board will then proceed to a determination of whether to impose a penalty following a brief statement of the facts and an opportunity by the accused to be heard on the issue of a penalty. The procedures of paragraph F.10 shall apply.
6. If the accused pleads not guilty to one or more of the charges, the Presiding Officer shall proceed with the following steps in sequence:
 - a. Opening statements, first by the Case Manager, then by the defense.
 - b. Testimony and other evidence presented, first by the Case Manager, then by the defense.
 - c. Closing arguments, first by the Case Manager, then by the defense.
7. Cross examination of witnesses shall be permitted. With the permission of the Presiding Officer, and subject to conditions that might be imposed by the Presiding Officer, any member of the Board may ask questions of a witness.
8. Formal rules of evidence shall not apply. The Presiding Officer may exclude evidence that he/she deems to be irrelevant to prove any point at issue, evidence that is unhelpful to a determination of the issues, or evidence that is merely cumulative of evidence already received.
9. Following closing arguments, the Board shall proceed to consider and vote on each of the charges. All members of the Board except the accused shall have the right to vote. The accused and any person who is not a voting member of the NCDA Board must leave the room. The Presiding Officer will then state the question as follows: "The question before the NCDA Board: Is _____ guilty of the charges preferred against him/her?" Each charge shall be read separately, opened to debate, and voted upon separately by secret ballot. The charges can be amended upon motion to conform to the facts adduced at the hearing, but only if the charge as amended is wholly included within the charge upon which the accused was tried. A simple majority vote of those present shall be necessary to find a member guilty of a charge.
10. If the accused is found guilty of one or more charges, the Presiding Officer shall announce that the next item of business is the determination of whether to impose a penalty and the nature of any such penalty. One Board member must make a motion to impose a penalty. The motion is debatable and amendable. All votes shall be taken by secret ballot. A two-thirds majority vote of those present is necessary to remove a member of the Board from office. A simple majority vote of those present is necessary to impose any lesser penalty.
11. After the voting, the accused, if present, will be called back into the meeting room and notified of the results. In any event, the accused will be notified of the results of the vote in writing by certified mail no later than ten days following the close of the hearing.

- G. If, after a hearing by the Board in executive session, the member has not been found guilty of any of the charges, there will be no announcement of the charges or the hearing and unless the member who has been charged requests in writing that such an announcement is made. If the member has been removed from the office or otherwise sanctioned, the Board shall have the right to disclose that fact to the membership of the Association.
- H. The disposition by the NCDA Board at the hearing shall be final.

V. PLANNING AND OPERATION

Strategic Plan

NCDA is a large, complex Association that needs clear goals and continuity of direction to ensure its relevance to its membership and to the public in a rapidly changing social context. A long-range (three-year) plan can provide general direction to the board and provide continuity as leadership changes. The Strategic Plan is intended to give general direction, which will be more clearly defined through the annual plan, annual budget, and annual program of work, which incorporate specific goals for each NCDA standing committee and council. The Strategic Plan should:

1. List NCDA goals.
2. Give priority ratings to each goal. These ratings should guide the allocation of effort and money.
3. Suggest objectives for achieving priority goals.
4. Be reviewed annually and updated no less than every three years through an analysis of future trends and through a survey of NCDA leaders (board, chairpersons, state division presidents, and other career development leaders).
5. Be implemented by the board and chairpersons and posted on the website
6. Be considered as the main priority for expenditure of funds. Other goals should be initiated only after the priority goals as stated in the Strategic Plan have adequately been achieved.

Annual Plan

The Board of Directors under the leadership of the president-elect will develop an NCDA annual plan that is derived from the Long-Range Plan. The plan should include:

1. A list of goals to be achieved during the year.
2. A listing of standing committees and ad hoc groups, which are responsible for each goal.
3. Suggested objectives that might be used by each standing committee and ad hoc group to achieve its assigned goals.

Planning Process

To achieve its long-range and annual plans, the board will request each chairperson and other individuals making budget requests to develop an Annual Program of Work. Once the plan is approved, the board-assigned liaison will help chairpersons complete the following steps:

1. The president will communicate the Annual Plan to the chairperson. The focus will be on the general goal(s) to be achieved, the priority of the goal(s), and objectives for achieving the goal(s).
2. The chairperson shall host a committee meeting at the Conference to begin the process of developing a work plan and budget request for the year.
3. The chairperson will develop a written Program of Work using the suggested format and submit the plan to the president-elect for review.
4. The board will review all Programs of Work reports, will review budget requests and will make changes if necessary to finalize the total NCDA budget. The board will give final approval to all Programs of Work and each liaison will communicate the final Program of Work to each chairperson.

Program of Work Format

The Program of Work should include a title page and work plan. (See Appendix A)

Monitoring/Communication

After reviewing proposed programs of work, the Board will approve the Annual Plan that should direct the work of the Association for the year. The board liaisons are responsible for monitoring the activities of the standing committees and councils. Suggestions for effective coordination include:

1. The board liaison and the chairperson should communicate at least once every month.
2. The chairperson should copy the board liaison on all written communication.
3. The chairperson should feel free to contact the Board liaison at any time to discuss problems or seek direction.

Reporting

Chairpersons are responsible for the following during the year:

1. The Program of Work should be submitted no later than the first month of the fiscal year (October) to the president and appointed board liaison.
2. A summary of achievements should be sent to the appointed board liaison prior to each scheduled board meeting.
3. Upon request, a one-page report should be submitted to the secretary for inclusion in the Annual Report. A copy should be sent to the president and to the board appointed liaison.

VI. NOMINATIONS AND ELECTIONS PROCEDURES

The Nominations and Elections Committee shall include five members; the three most recent past presidents and two members selected at the Annual Meeting. The immediate past president shall serve as chairperson. If any past-president is unable to serve, a former board member will be appointed by the president.

Offices for elections will be open on a rotating basis. Each year, NCDA will seek candidates for the office of president-elect. The positions of Secretary, Treasurer, and ACA Governing Representative Candidates will be sought each third year on a rotating basis and two trustees per year will be sought as outlined below:

Nominations for the positions of president-elect, secretary, treasurer, trustees, and the ACA Governing Representative should be made to the Nominations and Elections Committee using the following timeline which is adjusted annually.

December:	Initial Call for opening board positions set to all Members
January:	Second Reminder Call for opening board positions; all Members
Late January:	Deadline to declare a candidate is running for a board position, no more nominations after this date
February Meeting:	Nomination slate sent to the board for approval
April:	Deadline for nominees to submit materials to the NCDA Headquarters for the Annual Membership Meeting Report (bios, goal statements, and photos)

Ideally, candidates should have the following qualifications:

- President-elect candidates ideally should have served on the board before assuming the president-elect position.
- Secretary candidates should possess strong organizational and listening skills to accurately capture the minutes, action items, motions, and voting.
- Treasurer candidates should have previous financial experience with monitoring a budget, understanding financial reports, and communicating with an auditor.
- ACA Governing Rep will be nominated a full year prior to vacancy. ACA Governing Rep candidates should have served as president and past president before assuming the ACA Governing Rep position; if a past president cannot be identified, the committee may select past board members who have experience working with ACA.
- Constituency Trustee candidates must provide career development services in a work setting that matches the Trustee position, to best advocate for each constituency's needs and services. Trustee positions include representation from 4 main constituencies:
 - School Career Counselors/Specialists
 - Counselor Educators/Researchers
 - Higher Education Career Counselors/Specialists
 - Agency, Business and Industry, or Private Practice Career Counselors and Specialists.
- State Division Trustee candidates must have participated in a chartered NCDA state division, ideally as a president or tenured member of the state board. Knowledge of state division operations is preferred as well and strong teamwork skills to advise NCDA State Divisions.
- Trustee-at-large candidates must possess skill and knowledge if the particular focus set by the NCDA Board. The focus for this position changes for each term and specific criteria will be added to the Application Form.

Any member in good standing may make nominations. Nominees must be members in good standing who have participated in NCDA activities, including the committees, Board of Directors, or other work groups within NCDA.

Each member may only apply for one office each election cycle. The nomination will be in writing to the chairperson of the Nomination Committee (past president) via a completed Nominations Application Form.

The Committee may select up to three potential candidates for each office by screening those that show interest or are nominated by a member in good standing. Serving on the NCDA board is a great honor and the committee should make

every opportunity for those interested members to run for one of the positions. The following should be considered when narrowing the slate to three candidates per office.

NCDA Membership – For the position of the President Elect-Elect and ACA Governing Rep, this person has been an NCDA member for six consecutive years and in good standing. For all other positions on the NCDA board, a member needs to have been a member for two consecutive years and a member in good standing.

NCDA Committee/Task Force – While this is not a requirement, it is highly desirable to have a member who has served in some capacity in NCDA to give them an understanding and insight into the association.

Career/Professional Experience – the member running should be working in the career development field. This may look different for each candidate as one may be in human resources, private practice, a counselor education, research, career or school counselor or any field where they are active in career development.

Volunteer on an Association Board – Members should have served on some type of board before being elected to the NCDA board to give them experience. This does not have to be a Career Development Association board affiliated with NCDA but can be any type of board or association.

Leadership Academy Participation – members of the Leadership Academy may be given preference because of the governance knowledge and project commitment that was made during such participation. The Leadership Academy was intended to build a cadre of qualified members for future succession.

Diversity – NCDA has a long commitment to diversity among its membership and on the board. The expectation, when possible, is to have a percentage of BIPOC members on the board meet or exceed the percentage of BIPOC members of the association. This may be taken into consideration when reviewing applications.

Conflict of Interest – NCDA board members are subject to a Conflict-of-Interest policy. A copy of the policy is listed in the NCDA Policies and Procedures Manual (Appendix I.)

Board Members from Outside of US - For international board members, NCDA will cover airfare to/from the city of US origin to the meeting site. International airfare is the board member(s)' responsibility from his/her home base to the nearest entry city into the US. If an international board member flies directly into a meeting city, airfare will be reimbursed at a rate equal to that of the most expensive domestic airfare rate among the remaining board members.

Nomination Deadline – All members who want to run for an elected position or are nominated need to express interest to the appropriate NCDA contact by the election timeline set annually or they are not eligible to run that election year.

Completed Paperwork and Deadlines – Members who are nominated need to complete all requirements needed to run for the NCDA board. If items are not received, the person may not be eligible to run.

Rubrics for each position have been established to help narrow the slate, at the committee's discretion. The rubrics are located here: [Rubrics](#)

Once the Nominations and Elections Committee compiles a slate of three candidates per office, the board will approve the slate at its February Board Meeting.

During the Annual Meeting at the conference, a slate of nominees for each of the open board positions shall be presented to the members.

Each candidate for president-elect-elect is required to give up to a three-minute speech at the Annual Meeting.

After the presentation of all candidates, the members at the Annual Meeting will vote to narrow each office down to just two candidates. Once the runoff vote is confirmed, elections will begin immediately and will remain open through mid-August.

After the conference, online voting will be opened to the rest of the membership. No paper ballots will be mailed. If a member is requesting a paper ballot, the management team will accommodate and validate the ballot using the members' ID number to ensure they are eligible to vote.

No candidate shall perform or endorse campaigning prior to or during the nominations and election procedure. Those parties who do not abide by this policy will be declared ineligible by the Nominations and Elections Committee and their names will be deleted from the ballot.

Appeals: A defeated candidate may petition the Nominations and Elections Committee, which will review the appeal and make recommendations to the Board of Directors.

Procedure for the Election:

The order of candidates will be alphabetical by last name.

At of close of the conference, an electronic e-bulletin will be sent to members in good standing with online voting procedures, biographical information, and goal statement (information used in the Annual Meeting Report). The timing is as follows:

Annual Meeting (June/July) Election voting opens	Narrowing Slate to 2 candidates per office. At the conference for those in attendance; immediately after, for general membership
Election Closes	August 15 th or 6 weeks after the close of the conference; whichever comes last
Term Begins	August 20: Announcement of Election Results October 1

Online voting will be done through the NCDA membership database and may start immediately after the slate is approved at the Annual Meeting. The executive director will oversee the process. Tallying of the ballots will be automated and reported to the president. The candidates receiving the most votes will be declared the winner. All candidates will be notified prior to the announcement of the election results.

If any questions or disagreements result from the election, the board will use the ACA policies and guidelines to resolve the situation. All violations and appeals will be handled according to ACA policies.

In following ACA guidelines, candidates are prohibited to campaign. The use of personal funds or any kind of informal campaigning, such as dissemination of letters, is not allowed. No funds may be appropriated or accepted by any candidate. No ads or articles about the candidates may be run in any NCDA publication. Oral information about individual candidates is to be confined to personal communications among members, not involving organized campaign speeches, telephone trees, broadcast e-mail messages, web sites and other activities, which may be construed as campaigning. Candidates, friends of candidates, and colleagues of candidates may not distribute or mail campaign literature of any kind. At state or regional meetings, the names of all candidates for an office may be announced and if one or more of the candidates are present, they may be asked to stand and be recognized. They may not speak about their candidacy or as a candidate in front of a group.

VII. ACA CONVENTION

Convention Planning

NCDA shall participate in the annual ACA convention. The ACA Governing Council Representative shall be responsible for soliciting and selecting the final NCDA sessions offered at the ACA convention.

The NCDCA Research Committee, in order to reach beyond the boundaries of our discipline should annually identify and recognize a high-profile research report and a book that is conducted, developed, and/or produced by individuals and organizations that advance beyond our traditional perspective. The selected report and book should be highlighted on the

NCDA website. In addition, the Research Committee may select the outstanding research article from the CDQ each year and award it at the annual conference. The number and scope of the grants will be determined annually by the budget and fundraising efforts.

The Research Committee may also solicit sponsors for the following:

1. \$250 Masters level research grant submission
2. \$500 Doctorial level research grant submission
3. \$1000 Counselor educator research grant submission

NCDA member sponsor donations may be named in the name of an outstanding former or present member of the Association, who in the donor's judgment made a major contribution to the association or the body of knowledge of career development.

In return, the member sponsor will be granted a complimentary NCDA annual membership for the duration of the sponsorship.

Technology

Veterans

The Veterans Committee was formed in mid-2011 to provide a forum for discussion of veterans' career and employment issues within NCDA. Initial goals of the committee are: 1) To establish a means for NCDA members interested in veterans' issues to communicate with each other; 2) To advise the association on projects related to veterans; 3) To encourage presentations on veterans' issues at the annual conference and other professional development opportunities; 4) To encourage research and publication of articles on career development issues related to veterans; and 5) To provide resources on veterans' issues for NCDA members. The committee has instituted a LinkedIn discussion group.

Special Councils and Commissions

Membership on the NCDA Councils (Publications Development Council and Training and Education Council and Commissions (NCDA Credentialing Commission) requires specialized knowledge. As such, members are to be selected from a pool of qualified applicants. When appropriate, each Chair of the council/commission and /or the NCDA Headquarters staff liaison to the council/commission will send an open call for potential applicants to serve with clear criteria for selection. The council/commission (or a subgroup) will review the applications and make a recommendation to the board via the board liaison. The board will approve the new member(s) during its meeting. This process should aim to allow the new members to attend the council/commission meetings at the annual conference.

The membership should be on a rotating basis with 1/3 of the members coming on and rotating off each year. Each member shall serve for a term of 3 years starting October 1 and ending September 30th. Terms limits are set at 2 three-year terms for all councils and commissions. The board will appoint a board liaison each year.

The chair should be recommended by the council/commission members and approved by the board. The chair should serve for 1-2 years as determined by the members. A chair may repeat a 1-2 year term with the recommendation of the members and approval of the Board. The new incoming chair should plan to meet with the outgoing chair at the annual conference.

The chair of the council/commission will meet with the NCDA Board Liaison and with NCDA headquarters staff at the annual conference or by telephone conference call to ensure open communication and direction.

The council/commission will recommend policy changes to the board for approval. Approved policies will be put in the Policies and Procedures Manual by the NCDA headquarters staff.

Vacancies that occur during a member's term will be filled with an open call for qualified applicants, with council/commission recommendation of an individual(s) to the board for approval.

Specific responsibilities of the various Councils and Commissions include:

Training and Education Council (TEC)

The NCDA Board created the Training and Education Council (TEC) to provide oversight and advisement of NCDA's three training programs including Facilitating Career Development (FCD), Career Practitioner Supervision (CPS) and School Career Development Advisor (SCDA) and any such future training curricula approved by the Board. Leadership Academy:

The Leadership Academy was created in 2006 with the goal of identifying and nurturing future generations of NCDA Leaders. Up to eight NCDA members will be selected to join this hands-on, highly experiential leadership development opportunity designed specifically for promising national and state career development association leaders. NCDA's Leadership Academy will refine and strengthen the leadership skills of those selected for this dynamic program. The Leadership Academy Development Committee is responsible for the program and submitting a budget request annually for its activities. See the Leadership Academy Handbook for more information.

Counselor Education Academy:

The Counselor Education Academy (CEA) is focused on enhancing career development training within counselor education professional delivery at colleges and universities higher education programs. NCDA has called for an initiative to improve, enhance, and lead the effort to systematize, for sustainability, career education and development programs in the nation's K-12 schools and the counselor preparation programs nationwide. The intended participants are from the Counselor Education/Researcher Constituency teaching career counselors at the graduate level and will be selected by the CEA organizers annually, based on an application process and includes a budget from the NCDA Board to cover costs during the event. The CEA is normally held as a pre-conference activity before the National Conference. The organizing group must submit a plan and budget for approval prior to the application process beginning.

Career Teaching Academy:

Like the CEA, the Career Teaching Academy (CTA) is focused on enhancing career development training within courses thought at the undergraduate level. This academy is focused on those from the Higher Education Career Counselors/Specialist Constituency who teach undergraduate career planning courses. This academy is for selecting career professionals who are new to or began teaching career planning courses within the last 5 years in a higher education setting. Best practices and progress in the area of career planning course development across the profession will be shared. Like the CEA, the CTA is based on an application process and includes a budget from the NCDA Board to cover costs during the event. The CTA is normally held as a pre-conference activity before the National Conference. The CTA organizing group must submit a plan and budget for approval prior to the application process beginning.

Special Ad Hoc Committees

Brain Trust (Chair, immediate past-president; 1-year term)

This is an ad hoc committee comprised of NCDA past-presidents, eminent career awardees, fellows and past NCDA executive directors. It is chaired by the immediate NCDA past-president and meets at the discretion of the past president at the ACA convention and/or the NCDA conference. The purpose of the group is to provide creative input about trends, needs, and possible NCDA program options to the president and Board. It has no policy-making authority.

Presidential Task Forces (1-year term)

Periodically, the president will convene special committees to address a new constituency or population. A chair is selected based on the work that needs to be done. Depending on the success and need for the committee, it may be eliminated, continue as an ad hoc committee, or promoted to a standing committee the following year.

XII. CONTINUING EDUCATION

NCDA offers continuing education contact hours in a variety of professional development opportunities as outlined in the NCDA Continuing Education Manual. This manual is periodically updated by the Credentialing Commission and is located on the NCDA Website.

APPENDIX C

Guidelines for NCDA-Sponsored Professional Development Institutes

Providing quality professional development to its members and to other interested professionals is a priority and goal of NCDA. To achieve this goal, NCDA conducts a variety of programs and activities, including workshops or professional development institutes (PDIs) held in conjunction with the NCDA national conference or at other times. Pre-conference PDIs are workshops of various lengths for which contact hours of continuing education credit are granted.

PDI Proposal Criteria and Approval

The PDI plan is set annually by the president and the Program Chair. PDIs may be invited, competitive, or a combination of both. The following criteria are used in the process of selecting PDIs: (1) expressed or identified need for the program, (2) the timeliness, quality and creativity of the proposal, and (3) the qualifications and experience of the presenter(s). Each PDI will have a chair/organizer who may be the sole presenter or one of the presenters for the PDI. To be considered, a complete proposal must be submitted as instructed.

It is assumed that a PDI will, at minimum, be self-supporting financially and will attract at least 25 to 35 participants. It is also assumed that the program organizer and presenter(s) will be registered at the conference at which the PDI is presented.

Duties and Responsibilities

The PDI is organized and administered by NCDA conference staff in collaboration with the PDI chair/organizer, using the following as a guide.

NCDA will:

1. Provide assistance in the development of the PDI agenda.
2. Prepare promotional materials (flyer and ad copy) and publicize the PDI in the NCDA Magazine and other media, as appropriate.
3. Establish deadlines and registration fees. Receive and process registrations. Cancel PDI in the event of insufficient registration (usually 2-3 weeks prior to the conference) and notify presenters and registrants of the cancellation.
4. Arrange for room for the PDI, including AV equipment, site registration, attendance verification, PDI certificate and continuing education credit. This may include an on-site PDI coordinator and volunteer facilitator.
5. Collect registration fees, pay bills, and account for funds.
6. Arrange for evaluation of the PDI, if agreed upon, and feedback shared with presenter.

PDI chair/organizer will:

1. Prepare program proposal as instructed for NCDA approval.
2. Contact presenters and obtain written agreement to participate in the PDI. Obtain audiovisual release, where appropriate. Submit materials to designated conference staff or NCDA executive director.
3. Notify conference staff of equipment and materials needs.
4. Conduct workshop in accordance with approved proposal.
5. If funding is requested, maintain record of approved expenses and submit vouchers and original receipts to NCDA president for approval.

Financial Commitments

PDIs may be funded or revenue shared, depending on the negotiation between the PDI organizers and the selected presenter(s). In some cases, organizations will fully sponsor a PDI's expenses with revenues staying with NCDA. In other cases, NCDA funds the presenter at a limit of \$600 per PDI, which can be shared among presenters. In other cases, NCDA revenue shares with presenters with a pre-arranged financial split. Lodging, registration, and other expenses are negotiated annually with each PDI presenter.

Appendix C-2

Guidelines for NCDA-Sponsored Webinars

A webinar is a live online presentation using one's computer to deliver information to participants who are viewing the information and listening to the presenter via an electronic device. Participants are able to submit questions and comments during the presentation. For NCDA's purposes webinars are 1 hour in length. Payment is \$600 which may be shared by multiple presenters, if desired. (is hosting by an NCDA committee, the stipend is not offered)

The NCDA Board of Directors is responsible for identifying and recommending quality webinar topics and presenters to the NCDA board. Webinar topics can be based on a) suggestions from an NCDA committee, b) an NCDA member, c) surveys of professional development needs, d) new initiatives in the field of career development, or e) career development experts.

Approximately four webinars are scheduled each year.

To arrange for a webinar, a potential presenter

APPENDIX E

Procedure for Submitting Product Development Proposal To NCDA's Publications Development Program for Review

Updated October 2016

NCDA Mission Statement

The National Career Development Association (NCDA) is a division of the American Counseling Association (ACA). The mission states: *The National Career Development Association (NCDA) provides professional development, publications, standards, and advocacy to practitioners and educators who inspire and empower individuals to achieve their career and life goals.*

In an effort to provide products that meet membership needs, the NCDA Publications Development Council (PDC) welcomes proposals from potential authors for new publications that NCDA should consider publishing.

Before Submission

Prior to submitting a proposal, the lead author should contact the PDC Chair to discuss the publishing idea and to learn more about the NCDA publishing process. This informal consultation will save time and resources for the development and later review of the proposal. Following this discussion, the PDC chair will send the author a copy of the Review Sheet used by the PDC in reviewing a Product Development Proposal when it is submitted. A sample of the contract, or Authors Agreement, should also be shared with the lead author. (NCDA will not commit to publishing without a signed Agreement.) The lead author is required to maintain membership with NCDA from proposal through publication.

Procedures:

1. An electronic copy of the proposal should be sent to the NCDA Publications Development Director, Melanie Reinersman <mreinersman@ncda.org>. This will be distributed to the PDC Chair and other members for review.
2. Reviewers return written evaluations (the Review Sheet) to the Publications Development Director within three (3) weeks of receipt.
3. Following a discussion of the proposal by PDC members, a decision will be made to (a) recommend publishing the work as presented, (b) recommend publishing the work after revisions to the proposal are successfully made, or (c) not recommend the proposed work to the NCDA Board.
4. If the proposal is revised by the authors following PDC comments, PDC will make a final recommendation about publishing the work within two weeks of the resubmission.
5. The PDC Chair recommends action to the NCDA Board based on the outcome of the PDC review and further discussion with the author.
6. If the proposal is accepted, the Publications Development Director secures from the author a signed Agreement.
7. PDC will designate two members as consulting editors to work with the authors on the content of the work. The Publications Development Director will continue to serve as an editor and complete the publishing process.

Proposal Format to be submitted by lead author:

1. Title of Publication
2. A 100-word summary of the proposal, to provide a quick overview (similar to what is seen in the online NCDA Career Resource Store)

The applicant certifies that it will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the NCDA workplace and specifying the actions that will be taken against employees for violation of such prohibition.
2. Establishing an on-going drug-free awareness program to inform employees about:
 - a. the dangers of drug abuse in the workplace.

APPENDIX G

Partnerships Evaluation Checklist

On occasion, the National Career Development Association (NCDA) may enter into partnerships with both non-profit and for-profit organizations and related entities. Appendix G is designed to assist NCDA board members in making decisions about which partnerships, if any, to pursue. Any group seeking to partner with NCDA is invited to provide whatever information might be helpful in the evaluation process.

The Process

Any member of the board, committee chair or member, NCDA member, or other external group can bring the initial information on the proposed partnership forward.

For each partnership inquiry, the NCDA President will identify two board members and a third individual with knowledge related to the content/issues associated with the potential partnership to serve as reviewers. These individuals should not be in a position to benefit financially from the potential partnership, be members of, or directly affiliated with the organization.

In their role as reviewers, these individuals will be asked to examine the information on the proposed partnership and complete the Partnerships Evaluation Checklist using the rating scale provided and offering any additional comments they wish to add.

The reviewers will be asked to make a recommendation to the board using the following categories:

- Decline pursuing the partnership
- Table the partnership (current information provided is complete but Board has other priorities at this time)
- Table the partnership and request further information (this may be requested by the reviewers or the board)
- Pursue the partnership and recommend the board's approval. If approved, the board and Headquarters would work out the details with regard to any type of agreement or contract that might be entered into with the partnering organization.

It is possible that no one set of criteria can be established for use in evaluating collaborations with external organizations, but this process may prove helpful for the current and future leadership of NCDA to have some sense of what issues were considered in previous arrangements associated with successful partnerships. NCDA headquarters will maintain a record of discussion topics, rationale, and completed checklists for decisions related to partnerships, in order to further refine these guidelines for future board discussions on this matter.

Approved by the NCDA Board, April 7, 2005.

NCDA CREDENTIALING COMMISSION

Mission

To serve the general public and the career services community by using NCDA standards and ethics for defining roles in the field of career services and recognizing those who demonstrate and maintain a high level of professional competency.

Vision

Committed to providing global leadership in competency-based credentialing for career professionals.

Tagline

Commitment | Competency | Certification

Brief History

In August, 2017, NCDA joined other trade associations that uphold standards for their own professions by credentialing people who have the skills to fill specific roles within their field. The NCDA Board of Trustees set up and funded the NCDA Credentialing Commission in 2017. The Commission was charged with making recommendations for implementing credentialing programs for a variety of roles in the career field.

The Commission researched and thoroughly discussed credentialing in its process of creating the initial group of credentials. The Commission has worked in the direction of high standards and streamlined procedures. The word “Credential” was chosen as an umbrella term used for the many types of programs, including licensure, certification, accreditation, recognition designation, and certificates.

The Commission has established six credentials. All these credentials begin with the word “Certified.” All of the credentials contain an assessment component which is scored by “blind reviewers” – experienced professionals who already have the credential and have been trained to score case studies and/or work samples. All credentials are competency-based, requiring the applicant to demonstrate skill and competency in the career development field.

Applications for all of these credentials are completed online, using any available computer. Like all credentials in our field, we DO require continuing education for renewals. Our online process will allow recipients of certificates to update education as it is completed. View the NCDA Credentialing FAQs webpage for more history and details.

About Continuing Education and Processes

Why is Continuing Education Important?

Continuing Education develops your skills, keeps you current in your field, and allows you to deliver quality services.

You must log your continuing education through your Fluid Review account every year. You can find complete instructions when you login to your Fluid Review account <https://ncda.fluidreview.com/>.

Annually the NCDA Credentialing Commission will review and recommend approved continuing education offerings.

Guidelines for Continuing Education

All of NCDCA Credentials require continuing education. The required 30 contact hours every 3 years must meet the NCDCA's Credentialing Commission's requirements regarding competency area and activity type, as described in the NCDCA Continuing Education Manual. A contact hour is defined as an hour (60 minutes) spent in learning, development, or delivery in a credential competency area.

Approved Methods of Obtaining Continuing Education Contact Hours

Unless otherwise noted, requirements apply to both remote learning and in-person activities. A **peer** is defined as an individual who works in the same field or occupation and has approximately the same overall level of expertise, training, education or relevant experience as you.

Credentialing Maintenance

Annual Maintenance Fee

Credential holders desiring to keep their credential must pay an annual maintenance fee (\$40) and complete credential renewal at the end of three years.

Credential Renewal and Potential Audit

Process for Credential Renewal and Potential Audit

1. Maintain your continuing education contact hours by logging them into the appropriate credential log form. This form will be sent electronically to each credential holder upon their recertification date.
2. The NCDCA Credential Commission randomly audits 10% of the completed continuing education logs monthly.
3. If you are selected for an audit, you will receive notification with your \$40 invoice for credential renewal that is sent approximately 4 weeks prior to your due date.
4. If you are selected to be audited, your hours will either be considered Acceptable or Unacceptable. Policies to hand both are listed in the Continuing Education Manual

Approval of Continuing Education Providers:

The Director of Credentialing will manage processes and procedures for NCDCA Credentialing Commission's Continuing Education providers, including the following:

1. The Director and the Commission Taskforce will review applications. When the group is unsure of an application, they may refer the matter to the Commission for review and decision.
2. The application (and process) will be through the website, with applicants sending completed applications to the Director of Credentialing for processing.
3. The Director will work with NCDCA staff for promotion, website maintenance, content, billing, & renewals.
4. The Director will be responsible for developing and maintaining a list of providers, eligibility for annual renewals, and other data the NCDCA CC may wish to gather (see requirements below).
5. The billing cycle will be January – December 31 each year and may be prorated for a shorter period. This reduced fee will not be advertised.
6. Application process:
 - a. Provider submits an entire completed application electronically as a single file to the Director along with an application fee set by the Commission (this year is \$400). The application will be housed in a link on the NCDCA CC CE landing page.
 - b. If approved, the Director will work with HQ to get the information posted on the website. For renewals, Director and HQ will work together to handle accountability and billing processes.
7. Website provider operations:
 - An organization can be listed on the NCDCA Credentialing Commission's Continuing Education Website at an annual fee set by the Commission (\$400 this year). This rate may be prorated for organizations coming in the last 6 months of the fiscal year.
 - A provider's listing will be no more than 25 words and can include an organizational description, types of courses available, contact name, email, phone # and link to organization website. The Commission retains the right to edit listing information.
 - A provider will be listed for one year, and, if in good standing, can renew at the end of that period.

- Good standing refers to the provider having a current credential.
 - NCDA CC will disseminate regular e-bulletin to all Credential holders. Content for the e-bulletin will be developed by the Director and disseminated through usual NCDA HQ channels.
8. Requirements for provider approval
- Provider offerings should be geared toward professionals in the field of career development and should be directly related to competencies listed for an NCDA credential. The competencies can be found on the credentialing website.
 - Provider offerings should increase the participant's skill or knowledge of career development.
 - A CE provider must hold a current NCDA credential.
 - After completion of a course, the provider must provide a certificate of completion to each participant with the contact hours.
 - The NCDA Credentialing Commission reserves the exclusive right to accept or reject a provider to be listed on their website. By identifying providers in the online NCDA Credentialing Commission Continuing Education Listings, NCDA Credentialing Commission does not endorse or approve the course or the course provider's services, nor does NCDA Credentialing Commission make any representation or guarantee concerning the provider or course. NCDA Credentialing Commission disclaims all liability and responsibility for any action or decision made in reliance on the information contained in the listing, or for any actions or inactions of the course provider with respect to any party, or for any related claim, loss or injury. NCDA Credentialing Commission is not responsible for provider compliance with legal requirements related to its business activities or otherwise.
 - With the annual renewal, providers will be asked what courses were offered, NCDA credentials they focused on, and, examples of course evaluation tools.
 - Contact hours: A contact hour is defined as 60 minutes of instruction time. For live events, it excludes opening/closing remarks, introductions, networking functions, coffee breaks, social hours, and meals. For distance courses, instruction time is determined by the amount of time to complete the readings, assignments, and other tasks involved in the distance study course.
 - NCDA CC recommends that all course offerings be barrier free.
 - Providers' applications will be reviewed by the Commission with notification made within 4 weeks of receipt of application.

WEBSITE INFORMATION

This clearinghouse of CE opportunities is presented for your convenience only. Please evaluate any continuing education opportunity against the competencies of your credential.

Credential holders are not limited only to the CE opportunities on this page. See our Continuing Education manual for detailed information. CE opportunities from other sources qualify if they comply with the NCDA Credentialing Commission's guidelines as described in the Commission's Continuing Education Manual.

Information for Consumers

NCDA Credentialing Commission does not endorse or approve the course or the course provider's services, nor does NCDA Credentialing Commission make any representation or guarantee concerning the provider. NCDA Credentialing Commission disclaims all liability and responsibility for any action or decision made in reliance on the information contained in the listing, or for any actions or inactions of the course provider with respect to any party, or for any related claim, loss, or injury. NCDA Credentialing Commission is not responsible for provider compliance with legal requirements related to its business activities, or otherwise.

NCDA Credentialing Commission has not reviewed in detail the content of the listed continuing education courses. All credential holders are responsible for determining whether listed courses satisfy continuing education requirements for any NCDA credentials.

The CE Providers have paid a fee to be listed directly on this website. The list is provided by NCDA Credentialing Commission as an additional service to its credential holders and is not meant as an endorsement of the courses or services these organizations provide.

ALTERNATE PATHWAYS POLICIES

Policy Summary

The integrity and quality of NCDA credentials remains of utmost importance to the NCDA Credentialing Commission (CC). For that reason, pathways under consideration for becoming eligible to meet the criteria for an NCDA credential must meet the rigor, quality, and accountability standards set for any NCDA credential.

Definition of Alternative Pathway:

Each NCDA credential has a clearly defined process in which to qualify to apply for and achieve the credential. An alternative pathway (AP) is parallel process in which an individual can qualify to apply for and achieve an existing NCDA credential.

As is the case with any new credential, the CC may consult with non-Commission stakeholders (e.g. appropriate Training and Education Council representation involvement, SMEs, compliance with NCCA accreditation standards) to be a part of the Advisory Taskforce. Although input is frequently sought from non-Commission entities, the vetting of any alternative pathway lies with the CC and is subject to Board approval.

The operational processes for APs will be as follows:

1. The requestor will be briefed on the process and requirements for applying. The requestor will indicate via the Preliminary Application Form that the requesting organization understands the CC's requirements and fees and will work within these procedures and policies. This form will provide information to the CC and Board for its review of the requestor and initial screening. The requestor must have authorized approval at this stage by the CC and the Board to move forward to the full application process.
2. Each alternative pathway will require a separate form.
3. The Preliminary Application Form will first go to the CC for review and decision. If the CC elects to move forward with a full application, it will inform the Board of that progress.
4. After the approval of the Preliminary Application Form, the CC will ask the requestor to complete the application and pay the application fee. The CC may consult with appropriate non-Commission entities as outlined in its procedures.
5. After study and review by the Advisory Taskforce and/or commissioners, the CC will vote on accepting this pathway for the credential within 1 month of receiving the taskforce/commission recommendation and subsequently, the CC will send its recommendation to the Board, who will vote on accepting the proposed alternative pathway within 1 month of receiving the CC recommendation. It is expected that the entire process may take about 8-12 weeks and potentially several rounds of application improvements and submission.
6. Working with NCDA staff, the Director will finalize contractual operational and quality agreements with the requestor. In addition, the Director will develop and ask for necessary Credentialing website changes to support this alternative pathway.
7. Once an AP is approved, the CC will communicate the associated fees to the AP organization along with its audit procedures. An agreement will be signed by the NCDA President outlining all policies and fees. AP fees will be set annually by the CC, in consultation and approval of the Board. The World Bank 3-tier formula will be used for prorating fees for underdeveloped and emerging countries. For FY 18-19, the fees are as follows:
 - a. AP Full Application Fee - \$3000 US
 - b. Annual Maintenance Fee - \$1000 US
 - c. Individual Credentialing Application Fees – set at the prevailing NCDA credentialing fees
 - d. World Bank Formula for Prorating
 - i. Full price for Tier 1 countries
 - ii. 40% discount for Tier 2 countries
 - iii. 60% discount for Tier 3 countries

PRELIMINARY ALTERNATIVE PATHWAY APPLICATION FORM

The purpose of the form is to inform a requestor about alternative pathway requirements and to provide information for the CC and Board. The requestor should complete the information below:

SECTION 1: Applicant Information

Organization name, address, phone number, website

Contact individual (name, phone, email address)

Description of and legal status of the organization (for profit, non profit)

How will you comply with the NCDA Code of Ethics and ensure that everyone involved will comply with the NCDA Code of Ethics?

Identify existing NCDA Credential for which you are requesting an alternative pathway.

SECTION 2: Target Population and Need

- How long has this credential been in existence?
- How many annual applications for this credential?
- Who grants this credential?

Describe how this credential will benefit the professionals/providers and the public,

SECTION 3: Descriptive Information

Alternate Pathways to NCDA Credentials require assessment to confirm the competency of the applicant. Do you plan to utilize the NCDA assessment system (in English)? If not, what is the language of your assessment? Is it available in any other language? If so, identify and outline who will manage the assessment for the AP.

SECTION 4: Alternative Pathway Operations Acknowledgement and Agreement

A requestor must acknowledge and indicate agreement with each of these procedures in order to move forward.

1. NCDA CC reserves the right to name any credential it issues and will own the trademark and logo for any credential that it offers.
2. The NCDA CC will determine representation of this credential on the Commission according to its policy and procedures.
3. NCDA CC will charge a reasonable application and maintenance fee for each credential and will collect that fee. All fees and information will be collected by NCDA CC, payable in US dollars.
4. Only the NCDA CC can generate any credential using its name or brand.
5. All documentation sent to NCDA CC must be in English.
6. NCDA CC will issue the credential in English to successful applicants.
7. All NCDA credential applications must comply with NCDA CC operations and policies and NCDA Code of Ethics.
8. No NCDA Credential will be designed exclusively for one pathway. It is expected that all NCDA Credentials may eventually have alternative pathways.
9. All NCDA Credentials must include an assessment.
10. Credential Applicant and Continuing Education Processes:
 - a. Anyone wishing to apply for this credential must upload documentation verifying that the applicant has met the credential training and successfully passed the assessment.
 - b. If NCDA accepts CE/CEUs from another organization, that organization must be in compliance with by NCDA's CC continuing education policies.
11. All NCDA Credentials must meet and maintain assessment quality and accountability.
 - a. The assessment portion, reviewer qualifications and process, definition of competencies and any other pertinent area of any credential must meet NCDA CC standards.
 - b. The assessment portion may be administered by an agency other than NCDA's; however, that agency will be required to provide appropriate documentation and data concerning Sections 3, 4 and 6 on the application to NCDA CC. The assessment will be audited on a regular basis as are all NCDA Credentials.
 - c. NCDA CC may engage a bilingual neutral individual to review all documents in the non-English language for comparison purposes to the English version provided to NCDA CC. This expense will be borne by the entity offering the non-English assessment.
 - d. If the assessment portion is administered by another agency and needed by NCDA, a document indicating the applicant has passed the assessment must be provided so it can be uploaded to the

NCDA Credentialing portal. NCDA CC will work with that agency for appropriate wording and signatory authority on the document.

- e. These items must be approved by the NCDA CC.

APPENDIX I

Conflict of Interest Form

Conflict of Interest

The NCDA Leadership Team (LT), including Board Members, Committee Chairs, Credentialing Commissioners, members of the Training and Education Council and Headquarters Staff, must avoid a conflict of interest with respect to their fiduciary responsibility and their role as a leader of the association. Every effort should be made by LT members to avoid engaging in activities that may result in an appearance of unfair advantage or favoritism. Full transparency surrounding these issues is paramount. Examples of activities that may give the appearance of favoritism include, but are not limited to:

- Being offered an honorarium to speak to an organization as a representative of the NCDA Board while serving on the NCDA board;
- Contracting to write an NCDA monograph and receiving royalties from that contract while on the board;
- Using insider knowledge of conference and institute dates to schedule FCD trainings (and other trainings for credentialing) that bump against those conferences and institutes;
- Receiving an honorarium or expenses paid for offering a PDI that bumps against those conferences and institutes; or
- Applying to NCDA Requests for Proposals while serving on the board.

New Leadership Team (LT) members will be informed of their duty to disclose and will fill out a document outlining any standing issues as they move into a leadership position. This document will include a section wherein the LT member agrees to this policy. As other issues arise, immediate full disclosure to NCDA President and NCDA executive director is expected. Completed forms will be collected by the executive director annually and will be kept on file at the NCDA Headquarters Office.

If anyone has reasonable cause to believe that a member of the Leadership Team (LT) has failed to disclose actual or possible conflicts of interest, the member of interest should be approached directly and privately first and given the opportunity to address the concern. If, after hearing the response, the concern about a failure to report an actual or possible conflict of interest still exists, the concern should be shared with the president. The president shall bring the concern to the Board.

For full transparency, the minutes of the NCDA board must contain the names of the individuals who disclosed or were otherwise found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the board's decision as to whether a conflict of interest in fact existed. In addition, the names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection therewith will also be included in the minutes.

Individuals with potential conflicts of interest must recuse themselves from related discussions, including the board discussions related to possible resolutions. The remaining board will decide if a conflict of interest exists and make recommendations. Possible resolutions may include, but are not limited to;

- A decision of no recommendation (i.e., the conflict of interest is deemed to have minimal potential impact or may have a positive impact on NCDA),
- Recusal from related discussion, debate or decision making,
- Cessation of the issue causing the conflict of interest of appearance thereof, or
- In rare cases, removal from the leadership position

The LT will be asked to sign the Conflict of Interest/Disclosure Statement annually.

Potential Conflict of Interest/Disclosure of Other Interests

As a volunteer leader of the National Career Development Association (NCDA), I recognize that NCDA must provide bias-free governance to NCDA's constituency, and that I owe a duty of loyalty to NCDA. One aspect of fulfilling my duty is to avoid or disclose "other interests" according to the NCDA's policy and procedures on conflicts of interest. I am therefore disclosing the following "other interests" as defined by the NCDA. I will provide further information if requested and will cooperate with any review and evaluation on behalf of the NCDA. I also affirm that I will disclose any and all potential conflicts or advantages or appearance thereof throughout my tenure with NCDA leadership.

1. Any ownership, employment, or volunteer or agency interest or involvement in a commercial entity or nonprofit organization that competes with the NCDA:
2. An ownership, employment, or volunteer or agency interest or involvement in a commercial entity or nonprofit organization that is, or seeks to be, a vendor of products or services to the NCDA:
3. Any position as spokesperson, consultant, employee, or agent for another commercial or nonprofit organization that advances opposing or adverse public policy positions from those of the NCDA:
4. Any known opportunities (e.g., being offered an honorarium to speak on behalf of NCDA, contracting to create a NCDA resource or webinar that might result in personal profit, providing NCDA PDIs and being offered an honorarium or expenses paid, etc.) that might be potential conflict of interest or unfair advantage or perceived by the membership as such:

This information is accurate and complete to the best of my knowledge and ability.

Organizational Membership Policies

Procedure: Organizational membership is offered to any entity seeking consolidated billing. Organizational members will receive the same benefits as individual members. The online and printable forms will be separate from the individual membership forms. Rates for organizational membership will be based on the # of members sought and will be reviewed and updated by the Board along with the other membership categories.

Organizational members will have one central mailing address for all benefits. Each person will have a personal membership record which will allow them to track their continuing education, have access to past receipts, enable them to vote, and allows access to the secured Members Only section of the website. The staff will track data on organizational members the same as we do for individual members and report monthly on the Membership Report. At renewal time, the central contact will receive the notice and will be able to make any name changes at that time, or anytime throughout the year.

Each organizational member will receive an Organizational Member logo with the fiscal year listed. They will be given instructions on its use, which will be limited to their website only. The logo will be updated each year. Each organizational member will be listed on the NCDA Website if requested. Hopefully others will see it and want this privilege as well.

The following will be included on the form:

- Organizational website URL address (allows vetting, if needed, during approval and auditing such as checking the use of the NCDA logo).
- Acknowledge that all members are subject to the NCDA Code of Ethics and agree with the NCDA Mission.
- Acknowledge that all members are aware and agree to NCDA's policy statements and disclaimers listed under the Standards section of the NCDA website and on the bottom of the homepage.
- Approval to list the organization on the NCDA Website as an Organizational Member.

Suggested organizational membership policy/questions for the staff to follow when deciding to accept an organization:

- Does this organization have a strong and obvious relevance to career development?
- Is this organization's mission consistent with NCDA's?
- Will partnering with this organization harm NCDA in any way?
- Have we had previous members from this organization?
- Is the organization's website professional and worthy of displaying the NCDA logo (quality of the organization)?

If the staff is unsure of an organization's match to NCDA, the information will be sent to all presidents for a final decision. If a decision needs further vetting, it will go out to the entire board via e-vote for approval or denial.

Use of the Logo Instructions: This message will be sent to each Organizational Member along with the appropriate annual NCDA Organizational Logo:

Thank you for supporting NCDA as an Organizational Member! The attached NCDA logo may be used on your website only during the time of your active membership to show your support of the association. Additional uses on letterhead, social media, or other organizational materials are prohibited. The use of the NCDA logo does not indicate endorsement of this organization nor is NCDA responsible for the career development services you provide. By posting the logo, the organization agrees to its use only during the times of paid membership. The logo will be removed if membership lapses.

APPENDIX L

NCDA Current Events Policy

Request to the NCDA to Release Statement about Current Events

Periodically, NCDA is faced with a current national/international event which may require a response. Responses are approved by the NCDA Board of Directors and released to the membership and/or public on behalf of the association. Because of the complex nature of responses, based on whatever current event is happening, NCDA's Board is mindful to keep the association apolitical. As a 501 C-3 non-profit, NCDA is a non-partisan organization and should avoid any position that may be political in nature. "The NCDA" is the elected officers of the organization, and all responses should be made on behalf of the mission, vision, and policy statements of the NCDA as agreed to by the membership.

The NCDA Board accepts recommendations from its members and national committees/work groups. To make a request, please prepare an email attachment addressed to the NCDA Board and send to the executive director, The Board will address the request either at its next scheduled meeting, or in the case of a more urgent matter, at its e-vote special meeting called by the NCDA President.

The request must include:

1. NCDA member ID or Committee making the recommendation
2. Explanation of the problem/challenge
3. Explanation of how the problem/challenge related to the NCDA Mission and affect NCDA's members
4. Rationale on why NCDA should support or put out a statement
5. Possible solution to the challenge (what NCDA resources would be helpful, should a webinar be scheduled to discuss, what policy changes may need to be made, etc.)

Internal Policy:

The executive director receives the request. If not complete, it will be returned with instructions on how to resubmit per the outline above.

The executive director will inform the president and a decision will be made on whether to act immediately or at the next board meeting. We will be mindful of the need for responses in a timely manner.

The NCDA Board will discuss and vote on the recommendation. The president or executive director will report back to the requestor.

A Statement will be prepared if approved and disseminated. Rejected recommendations will be returned to the requestor with rationale on the decision.

As needed, the executive director will contact ACA to see what action they may be taking.

APPENDIX M

The NCDA database of contacts (referred to as database) includes email addresses provided by the contact and can be queried by staff for sending e-bulletins to select groups.

Regularly scheduled e-bulletins include:

- Career Convergence web magazine, sent to everyone in the database on the first of the month;
- Members-only Announcements, sent the second week of the month, no later than the 15th;
- Conference or Credentialing Announcements, sent the third week of the month, or as needed.

Sporadically sent e-bulletins may include (but are not limited to):

- Membership renewal messages
- Credentialing maintenance messages
- Opportunities for participation in events, research, honors, etc.

Responsibilities:

NCDA headquarter staff coordinates the timing, layout, and dissemination of e-bulletins. The text of the message must be generated by the sender, per the instructions below, although some e-bulletins are written by staff. Messages must be approved by an NCDA Board member, executive director, and/or website editor. Repetition of e-bulletin messages is discouraged, so as to not “flood” the inbox of contacts or cause an increase in “Unsubscribe” or blocked messages. Members are responsible for maintaining their current email address on file with NCDA.

Generating E-bulletin Messages – based on groups listed below:

Constituencies

All NCDA Constituency groups have a specially designed e-bulletin template, which can be sent to anyone in the NCDA database who has selected the given constituency in their profile (only one may be selected). The Board Trustee is responsible for preparing a quarterly communique and submitting it to the web editor at least one full week in advance of the preferred e-bulletin sending date. Options for including images or pdfs should be discussed with the website editor. Additional messages to constituencies may occur, based on upcoming events, research needs, or other targeted message.

Committees, Councils, Commissions

Chairpersons of NCDA committees, councils and commissions may request e-bulletins to anyone in the NCDA database as needed. Once the Board liaison has approved the message, the chairperson may contact the website editor to discuss distribution at least one full week in advance of the preferred e-bulletin sending date. Options for including images or pdfs should be discussed with the website editor.

State Leaders

State career development association (cda) leaders do not send e-bulletins, but rather they are one of the groups that may be the recipients of e-bulletins. The NCDA Trustee for States will send e-bulletins to leaders, often regarding upcoming meetings, due dates, and options to apply for grants, awards, etc.

State cda events are not announced via e-bulletin, although inclusion in the Members-only Announcements e-bulletin is possible. State cdas are encouraged to submit events for posting on the NCDA Calendar on the home page of the website, per the instructions below:

Please submit the following to webeditor@ncda.org as soon as the state event details are set:

1. Name of event (including subtitles; e.g. “Minnesota CDA Fall Event: Generational Differences”)
2. Dates / Times
3. Location
4. Link for more info
5. Optional: description – a short, text-only paragraph is fine, especially if there is something specific to highlight (e.g. if your keynote speaker is the NCDA President); do not attach a pdf or other document; most often the event name is self-explanatory and the link will provide the best info so this description is not

necessary.

Other Groups

Other groups that may request e-bulletins include, but are not limited to, Leadership Academy participants, publications' staff, related associations, etc. These requests can be submitted to the appropriate Board Trustee, Board liaison, or staff in addition to the website editor. Any researcher must follow the policy set by the NCDA Research Committee (described elsewhere in this manual and on the website, under Committees).

Deadlines

The deadline to submit messages for inclusion in the Members-only monthly Announcements is the first of each month. Submit only short paragraphs (with appropriate links for more information) to webeditor@ncda.org. Scheduling and deadlines of other messages depend on the completeness of the submission, the e-bulletin queue, and work schedule of the staff (e.g., NCDA headquarters is closed on Fridays).

Queue and Statistics

The e-bulletin queue should not be overloaded, to avoid “flooding” the inbox of contacts, causing an increase in “Unsubscribe” or blocked messages. A record of the queue is maintained and can be reviewed by staff to identify what message was sent on which date and to which contacts.

Each e-bulletin generates statistics including:

- the total number of messages sent
- the number of confirmed open messages
- the links in the message that were clicked, specifically:
 - the date/time each link was clicked
 - the name of the contact who clicked the link*
- the number of undeliverable messages
 - the name and email address of the intended recipients
 - the apparent reason why the email was rejected
